

## Munich Re/Rowland Bell Risk Engineering Fundamentals

---

### Munich Re and Rowland Bell cordially invite you to attend our Risk Engineering Fundamentals Conference

The conference will comprise a combination of lectures on theoretical and practical issues relating to risk engineering.

Content:

- Risk engineering experiences
- TYCO "Sprinklers 101" abbreviated course
- Risk engineering reports
- Suppression systems
- Physical protection of risks
- General Risk exposures for consideration
- Loss Estimates
- Information sources for the underwriter
- Construction issues for the risk engineer
- Occupancy issues for the risk engineer, including special hazards
- Implementing and running a risk management program

Included in the lectures will be lots of practical tips and examples from the lecturers, from actual case studies.

**WHO SHOULD ATTEND:** The target market is general underwriters, risk engineers and insurance surveyors, that require the relevant experience (or who want to brush up on the basics), claims staff, underwriting assistants.

**VENUE:** Pacific International Suites, cnr Parkes & Valentine Avenue, Parramatta NSW

**DATE:** Thursday 1st and Friday 2nd September 2005.

**COST:** \$770.00 (total includes GST) per person which includes one night's accommodation, meals, lectures and activities.

**REGISTRATION:** Please note that the seminar has limited numbers. A registration form is enclosed for your reply. Registration closes on August 19th 2005.

For Registration:

*Contact:* Annalee Powell

*Phone:* (02) 9272 8051

*Fax:* (02) 9251 8002

*Email:* apowell@munichre.com

For Further Information:

*Contact:* Adam Matteson

*Phone:* (02) 9272 8047

*Fax:* (02) 9251 8002

*Email:* amatteson@munichre.com

Payments by cheque, made payable to "Munich Holdings of Australasia Pty Limited" and sent to:

Munich Reinsurance Company - Australian Branch  
Att: Annalee Powell  
PO Box H35  
Australia Square NSW 1215

## Munich Re/Rowland Bell Our Speakers

---

### **Jack Cahit KILAVUZ, BSc ChE, GrDip BFSE, MAIRM, MSFPE**

Jack is the Risk Engineer for Munich Reinsurance Company - Australian Branch (MRG). He provides MRG clients with a range of professional risk engineering services including:

- Risk Management Consulting
- Fire protection evaluation - HPR assessment
- Natural Catastrophe Risk Assessment
- Loss Prevention Evaluations
- Training and Seminars

Jack has a Bachelor of Science degree in Chemical Engineering (Middle East Technical University Ankara, Turkey, 1979) and a Graduate Diploma in Building Fire Safety and Risk Engineering (Victoria University of Technology, Melbourne 1993).

Jack has more than 20 years in insurance and reinsurance companies in Australia and abroad and he was involved in risk management and insurance programs of large organisations. He has extensive experience in various fields including hands-on experience with chemical industry (chlor-alkali, agricultural and plasticisers), paint (pigment), paper manufacturing, food industry, newspaper printing, pharmaceutical, cosmetics, sanitary products manufacturing, computer, semi-conductor and electronics industries, power generation and distribution industries as well and hotel and resort industries.

Apart for Australia, Jack has worked in Turkey, Germany, New Zealand, China, Hong Kong, Singapore, Philippines, Taiwan, Thailand and the Middle East (Egypt and Oman).

Jack is currently Chairman of the ICA Property Standing Committee, Chairman of Society of Fire Safety (NSW), member of Australian Institute of Risk Managers, Society of Fire Protection Engineers, ANZIF, Fire Protection Association Australia, various discussion groups including Insurance Surveyors, Property, Liability and Reinsurance Discussion Groups.

### **Jim Bell, BE Mech MSFPE MIEAust**

Jim Bell is managing director of Rowland Bell Australia P/L. a private, independent, Risk Management/Loss Control company. Established in 1993 Rowland Bell provides a broad range of services to corporate and industrial clients including:

- Professional Risk Management/Loss Control Surveys
- Loss Control Training Services
- Development of Corporate Loss Prevention Guidelines and Standards

Based in Sydney, Rowland Bell is capable of providing services throughout Australia and the Asia/Pacific region.

Jim has 25 years experience in Risk Management, Loss Control, and Property Insurance. Graduating with a Bachelor of Engineering (Mechanical) 1974, Jim commenced work as a Research engineer on a number of R&D projects. In early 1977 he joined Kemper Insurance Company Ltd. as a trainee Fire Protection Engineer.

The following two years were spent in the United States completing a comprehensive Highly Protected Risk (HPR) Loss Control Engineering and Fire Prevention course. During this period extensive experience was gained through inspection of a wide variety of industries, including: saw mills, plywood plants, pulp and paper mills, mines, industrial facilities, utility company, and commercial risks.

On return to Australia, additional experience was gained over the next four years in the commercial, industrial, and mining sectors with responsibility for some of Australia's largest, resource based companies. Examples are; a multi-location integrated alumina and aluminium producer, and a large integrate copper/lead/zinc concentrate and refined metal producer.

Transferring to Japan in 1983, Jim worked in an engineering management role for four years.

Returning in 1987, he was responsible for the engineering activity on a number of large Australian accounts in the commercial, industrial, and resource sectors.

Direct insurance experience was gained in 1988 when Jim transferred to an underwriting role. This involved both property and machinery insurance with emphasis on machinery breakdown underwriting and completion of machinery breakdown loss control surveys.

In 1993 Jim left Kemper Insurance Company Ltd and established Rowland Bell Australia Pty Limited. To date more than 850 assignments have been completed in a broad range of Risk Management related activities.

## Munich Re / Rowland Bell Risk Engineering Fundamentals Conference

---

Pacific International Suites, Parramatta  
Thursday 1<sup>st</sup> September 2005

8.30 am Registration  
8.45 am Welcome Heinrich Eder, [MRG]  
Introduction to Course Adam Matteson, [MRG]  
9.00 am Construction Issues  
Jim Bell, [Rowland Bell] & Jack Kilavuz, [MRG]  
10.00 am Occupancy Issues  
Jim Bell, [Rowland Bell]  
10.30 am Morning Tea  
10.45 am Occupancy Issues  
Jack Kilavuz, [MRG]  
11.15 am Change in Occupancy Workshop  
Jim Bell, [Rowland Bell] & Jack Kilavuz, [MRG]  
12.30 pm Lunch  
1.30 pm Risk Engineering Experience  
Jim Bell, [Rowland Bell] & Jack Kilavuz, [MRG]  
2.30 pm An Underwriters Perspective  
Adam Matteson, [MRG]  
3.00 pm Afternoon Tea  
3.15 pm Risk Engineering Reports  
Jim Bell, [Rowland Bell]  
3.45 pm General Risk Exposures  
Jack Kilavuz, [MRG]  
4.30 pm Implementing and Running A Risk Management  
Programme  
Jim Bell, [Rowland Bell]  
5.30 pm Questions and Discussions  
6.00 pm Drinks  
7.00 pm Dinner with conference presenters and  
participants

Pacific International Suites, Parramatta  
Friday 2<sup>nd</sup> September 2005

8.30 am Tyco Sprinklers 101  
Roger Thomas, [Tyco Australia]  
9.30 am Loss Estimates and PML  
Jim Bell, [Rowland Bell]  
10.30 am Morning Tea  
10.45 am LE Workshop  
Jim Bell, [Rowland Bell] & Jack Kilavuz, [MRG]  
12.00 noon Lunch  
12.45 pm Suppression and Detection Systems  
Jack Kilavuz, [MRG]  
1.30 pm Information Sources for underwriters  
Adam Matteson, [MRG]  
2.00 pm Risk Engineering Experiences  
Jim Bell, [Rowland Bell] & Jack Kilavuz, [MRG]  
3.00 pm Afternoon Tea  
3.15 pm Management and Contractor Controls  
Jim Bell, [Rowland Bell]  
4.30 pm Questions and Discussion - Panel  
5.00 pm Close  
Heinrich Eder, [MRG]
